Sponsorship Information:

If you or your sponsor would like to donate a specified dollar amount toward beverages - we could either run a consumption bar tab on the beverage cart or after golf (or both) for your guests including any specified or all products up to that dollar amount. We have a procedure in place which monitors that tab so you know when you are getting close to the limit and the guests can also be notified when the "tab" will be closed.

We would also allow you to place sponsorship signage on the carts - "Beverage Cart(s) Sponsored by..." We only ask that you limit the size of each sign to 11x14 inches because we place them in the window on the cart.

Signage for event sponsorships is the sole responsibility of the event representatives. Joliet Golf Club will allocate any signage in coordination with the event representatives.
